STAFF-STUDENT BOUNDARIES POLICY

(First Draft Presented to the Board of Trustees on October 12, 2022)

DISCIPLINARY PHYSICAL CONTACT WITH STUDENTS

It is the policy of Golden Valley Charter Schools that no teacher or other staff member will use corporal punishment against a student. This prohibition includes spanking, slapping, pinching, hitting, tying, taping, or the use of any other physical force as retaliation or correction for inappropriate behavior.

STAFF-STUDENT INTERACTIONS

While the use of appropriate touching is part of daily life and is important for student development, teachers and other staff members must ensure that they do not exceed appropriate behavior. If a child or other staff member specifically requests that he or she not be touched, then that request must be honored without question.

Boundaries Defined

For the purposes of this policy, the term "boundaries" is defined as acceptable professional behavior by staff members while interacting with a student. Trespassing beyond the boundaries of a student-teacher relationship is deemed an abuse of power and a betrayal of public trust.

Acceptable and Unacceptable Behaviors

Some activities may seem innocent from a staff member's point-of-view but could be perceived as flirtation or sexual insinuation from the perspective of students or parents. There is no single reasonable person standard. The purpose of the following lists of unacceptable and acceptable behaviors is not to restrain innocent, positive relationships between staff and students, but to prevent relationships that could lead to or may be perceived as inappropriate, or sexual misconduct, or "grooming." Grooming is defined as an act or series of acts by a sexual predator to gain physical and/or emotional control by gaining trust (of staff and/or family and a minor) and desensitizing the minor to various forms of touching and other intimate interaction.

Staff members must understand their own responsibilities for ensuring that they do not cross the boundaries as written in this policy. Violations could subject the teacher or staff member to discipline up to and including termination. Disagreeing with the wording or intent of these established boundaries will be considered irrelevant for any required disciplinary purposes. Thus, it is critical that all employees study this policy thoroughly and apply its spirit and intent in their daily activities.

Unacceptable Behaviors

These lists (and any subsequent lists) are not meant to be all-inclusive, but rather, illustrative of the types of behavior intended to be addressed by this policy.

- 1. Giving gifts of a personal and intimate nature (including photographs) to a student; or items such as money, food, outings, electronics, etc. without the written pre-approval of the Principal or School Leader. It is recommended that any such gifts be filtered through the School Principal along with the rationale, therefore.
- 2. Kissing of ANY kind
- 3. Massage [Note: Prohibited in athletics unless provided by massage therapist or other certified professional in an open public location. Coaches may not perform massage or rub-down. Permitted in special education only as instructed under an IEP or 504 Plan.]
- 4. Full frontal or rear hugs and lengthy embraces
- 5. Sitting students on one's lap (grades 3 and above)
- 6. Touching buttocks, thighs, chest or genital area
- 7. Wrestling with students or other staff member except in the context of a formal wrestling program
- 8. Tickling or piggyback rides
- 9. Any form of sexual contact
- 10. Any type of unnecessary physical contact with a student in a private situation
- 11. Intentionally being alone with a student away from school
- 12. Furnishing alcohol, tobacco products, or drugs or failing to report knowledge of such
- 13. "Dating" or "going out with" a student
- 14. Remarks about physical attributes or physiological development of anyone. This includes comments such as "Looking fine!" or "Check out that [body part]."
- 15. Taking or requesting photographs or videos of students for personal use or posting online
- 16. Either partially or fully undressing in front of a student or asking a student to undress, with the intent to view/expose private body parts
- 17. Leaving campus alone with a student for lunch
- 18. Sharing a bed, mat, or sleeping bag with a student
- 19. Making, or participating in, sexually inappropriate comments
- 20. Sexual jokes, or jokes/comments with sexual overtones or double-entendres
- 21. Seeking emotional involvement (which can include intimate attachment) with a student beyond the normative care and concern required of an educator.
- 22. Listening to or telling stories that are sexually oriented

- 23. Discussing your personal troubles or intimate issues with a student
- 24. Becoming too involved with a student so that a reasonable person may suspect inappropriate behavior
- 25. Giving students a ride to/from school or school activities without the express, advance written permission of the School Principal and the student's parent or legal guardian
- 26. Being alone in a room with a student at school with the door closed and/or windows blocked from view
- 27. Allowing students at your home and/or in rooms within your home without signed parental permission for a pre-planned and pre-communicated educational activity which must include another educator, parent, or designated school volunteer
- 28. Staff mirroring the immature behavior of minors
- 29. Sending emails, text messages, social media responses, making phone calls, or sending notes or letters to students if the content is not about school activities. Communication via private social media accounts is not acceptable.

This policy does not prevent: 1) touching a student for the purpose of guiding them along a physical path; 2) helping them up after a fall; or 3) engaging in a rescue or the application of Cardio Pulmonary Resuscitation (CPR) or other emergency first-aid. Nor does it prohibit the use of reasonable force and touching in self-defense or in the defense of another. Restraining a child who is trying to engage in violent or inappropriate behavior is also allowed. Only such force as necessary to defend one's self, another person, or the child or to protect property is legally permitted. Excessive force is prohibited.

Acceptable Behaviors

- 1. Pats on the shoulder or back
- 2. Handshakes
- 3. "High-fives" and hand slapping
- 4. Touching face to check temperature, wipe away a tear, remove hair from face, or other similar types of contact
- 5. Placing TK through second grade students on one's lap for purposes of comforting the child for a short duration only
- 6. Holding hands while walking with small children or children with significant disabilities
- 7. Assisting with toileting of small or disabled children in view of another staff member
- 8. Touch required under an IEP or 504 Plan
- 9. Reasonable restraint of a violent person to protect self, others, or property
- 10. Obtaining formal written pre-approval from the School Principal to take students off school property for activities such as field trips or competitions, including parent's written permission and waiver form for any sponsored after-school activity whether on or off-campus

- 11. Emails, text-messages, phone conversations, and other communications to and with students, if permitted, must be professional and pertain to school activities or classes (communication should be initiated via transparent [non-private] school-based technology and equipment)
- 12. Keeping the door wide open when alone with a student
- 13. Keeping reasonable and appropriate space between you and the student
- 14. Stopping and correcting students if they cross your own personal boundaries, including touching legs, or buttocks, frontal hugs, kissing, or caressing
- 15. Keeping parents informed when a significant issue develops about a student, such as a change in demeanor or uncharacteristic behavior
- 16. Keeping after-class discussions with a student professional and brief
- 17. Immediately asking for advice from senior staff or administration if you find yourself in a difficult situation related to boundaries
- 18. Involving your direct supervisor in discussion about boundaries situations that have the potential to become more severe (including but not limited to grooming or other red flag behaviors observed in colleagues, written material that is disturbing, or a student's fixation on an adult)
- 19. Making detailed notes about an incident that in your best judgement could evolve into a more serious situation later
- 20. Recognizing the responsibility to stop "Unacceptable Behaviors" of students and/or co-workers
- 21. Asking another staff member to be present, or within close supervisory distance, when you must be alone with a student after regular school hours
- 22. Prioritizing professional behavior during all moments of student contact
- 23. Asking yourself if any of your actions, which could be contrary to these provisions, are worth sacrificing your job and career.

This policy does not prevent: 1) touching a student for the purpose of guiding them along a physical path; 2) helping them up after a fall; or 3) engaging in a rescue or the application of Cardiopulmonary Resuscitation (CPR) or other emergency first-aid. Nor does it prohibit the use of reasonable force and touching in self-defense or in the defense of another. Restraining a child who is trying to engage in violent or inappropriate behavior is also allowed. Only such force as necessary to defend oneself, another person, or the child or to protect property is legally permitted. Excessive force is prohibited.

Boundaries Reporting

When any staff member, parent, or student becomes aware of a staff member (or volunteer, guest, vendor) having crossed the boundaries specified in this policy, or has a strong suspicion of "grooming behavior," he or she must report the suspicion to the School Principal promptly. The School Principal shall notify the Executive Director. "Grooming behavior" is an attempt to build an emotional and/or physical connection with a minor to gain their trust for the purpose of sexual abuse. "Suspicion" means something perceived in spite of inconclusive or slight evidence. It is based on facts that would lead a reasonable person to believe that a violation of the boundaries policy occurred. Prompt reporting of "unacceptable behaviors" observed in adult interactions with minors is essential to protect students, staff, any witnesses, and the school as a

whole. When observant staff members call attention to a boundaries violation(s), the likelihood of harm is greatly reduced.

Child Abuse / Sexual Abuse Reporting (Mandatory Reporting)

If, within your professional capacity or within the scope of your employment, you observe or gain possession of knowledge that a child has been a victim of child abuse <u>or</u> sexual abuse (or you reasonably suspect it), California Penal Code Section 11166 requires <u>YOU</u> to immediately report this information or suspicion directly to your county child protective agency (CPS) or local police/sheriff. The report shall be made by phone immediately, and a subsequent written report must be sent within 36 hours of your knowledge or suspicion of the abuse.

You do not need permission to report. No supervisor or administrator can impede or inhibit a report or sanction you for making the report. Your report is confidential, and you are protected from liability as long as you do not discuss the matter with anyone other than law enforcement, CPS and your school's designated responsible administrative person. Failure to meet your reporting obligation can result in a monetary fine and/or jail.

Internal reporting to the School Principal occurs <u>after</u> the phone-in report is made to the police/sheriff or CPS.

<u>Internal Investigations</u>

The School Principal will promptly communicate with the investigating enforcement agency to determine whether an investigation will be conducted by that agency. The administrator will confirm with law enforcement whether the initiation of an internal school investigation would interfere with any criminal investigation. Only law enforcement has the authority to grant clearance to investigate the matter administratively.

Upon receiving information from the mandated reporter, the designated responsible administrator must take immediate action to stop the alleged inappropriate conduct ³/₄ by removing the employee (or volunteer/vendor/guest) from the classroom or worksite when there is a potential risk to student or school safety. The Executive Director shall consult with legal counsel as appropriate, prior to, during, and after conducting any investigation.

Consequences

Staff members who have violated this policy will be subject to appropriate disciplinary action, and where appropriate, will be reported to the authorities for potential legal action.

Zachary Phillips
Curriculum Specialist/Mentor
Board Report October 12, 2022

Board of Trustees,

My position is one in which I get to see best practices all day long from our dedicated and thoughtful teachers, and I am gaining the benefit of being able to learn from some of the most talented and loving educators. I appreciate and am grateful that I was able to step into this role and hope every day to help a teacher to feel more successful.

I came up through the ranks with Debi Lenny as my principal and leader and she instilled in me the ideals of the servant leader. I have taken this as my model in practice while I am learning to be a better mentor. Primarily, I want to be a leader who listens well to the people around me, so that I can ruminate and correctly help them with what they are asking of me.

My first task this year was setting up a list of priorities that would be a guide for where to put my attention and the priority was bringing the new teachers into our Golden Valley culture. I have spent a considerable amount of time helping the newest of the new teachers to be aware of our traditions, policies, and pedagogy. This means I have been in the first-grade classrooms a lot, since that is where our new teachers live, and I have spent lots of time supporting the sixth grade at Orchard. One of the important tasks I have is to continue our Golden Valley culture and make sure that the teachers know what that means. When I dreamt of taking this position, the two important things I wanted to focus on were returning to our Waldorf practice as much as possible and building community.

My next priority was to set up a working schedule of observations balanced with a flexible schedule to be able to meet with the experienced teachers to give them a bit more. I have a schedule in which I meet with all the teachers every two weeks, and my high priority teachers; weekly.

It has been a pleasure to be able to work with veteran teachers to bring them extensions to what they are already doing in their classrooms. Some of them have said that they need specific things to be able to bring more to their students; I have done bean bag activities, copper rods, speech work, games, and theater work. All to help teachers who have recognized a specific need. I really have loved the feeling that comes from a teacher asking for some specific activity or resource, and then being able to provide that resource in a day's time. Teachers have asked for class sets of bouncing balls and staves and books and I am pleased to get exactly what they need. I am like a class parent, but for curriculum.

Mentoring takes time and more importantly, it takes relationships. I am approaching my position as a curriculum specialist and as teachers enter relationships with me, I will begin to mentor them if they wish. If they feel comfortable with me, they will allow me to make what is sometimes a highly personal comment about what they are doing in the classroom.

Many teachers are feeling comfortable with me mentoring them. I have done parent meetings with the first grade, and I have been involved in mediation with a teacher. I have worked with behavior issues and with small groups. It has been an actual whirlwind of things. My schedule is always full, even when I intentionally have left open time for working on the resource library, making chalk drawings, practicing recorder to support a teacher, or make reports to the board.

I have asked each teacher to remember what things we were doing before we went into distance learning and to try to get just one piece back of what we used to be doing. When we went into distance learning, we stopped doing as much movement, recorder playing, speech work, and singing. It was just so difficult to do in a zoom. The most requested support so far has been more movement activities for the morning; circle activities and rhythmic work. Teachers are responding well to this goal and are ready for more. There are teachers who are returning to verse work in the morning and afternoon, there are teachers who are remembering all the bean bag work we can do, teachers who are striving to learn to play recorder with their class, teachers who want to learn more with wooden staves.

To build community I was able to host a Parent Education evening, which we called Waldorf 101, "You know you are a Waldorf community member when..." and it was a walk through the grades illustrating what we do in each developmental stage of the student's education, and how Waldorf methods meet the needs of each stage. I am excited to be able to have more enrichment for the community through parent evenings and returning to a more complete festival life here at Golden Valley.

I am grateful to be able to be in the position of helping the teachers to realize their professional goals. It has been a very enlightening experience to see the way that all the teachers take on their tasks with striving and excellence. I love what we are all doing here to meet the children and the community.

Thank you!

Zachary Phillips

We are now eight weeks into the school year and settling into a new season with the change of leaves and darkness settling in a little earlier each evening. Last week on the Orchard campus, the dragon was tamed once again with the 2nd and 6th grade re-enacting the annual performance of Sir George and the Dragon. Later that afternoon at the Day of Courage celebration the festival kicked off with an 8th grade rendition of the Invictus poem. Some of the children's favorite activities were the "sleeping giant "and face painting. I hear in the coming weeks 1st and 2nd graders are embarking on field trips and parent volunteers are buzzing around campus again. Third grade is enjoying weekly cooking classes, and you may catch a whiff of cinnamon infused challah bread in addition to the smell of kindergarten bread that is often wafting through the hallways.

When asked about current roses and thorns living within the faculty, Mrs. Oi said the children in first grade did very well when sitting through their first play on Courage Day! Her thorn was that 32 kids in one class is just not a healthy idea. At least not in the last decade! Ms. Hidden shared that fourth grade is in their first Norse Myths block. They are refreshing ELA concepts and will be starting a Viking Project to be presented in November. They had an amazing Friday gathering where they sang their first song in a round and actually rounded a poem! Her thorn is that fourth grade is very... emotional. Lots of drama as they are coming down from the 9-year change. She put together a new calm down station in her classroom, which is being used... heavily.

Mrs. Lorenz, assessment coordinator/Ed Support Specialist shared that her rose: is the mindfulness room, and she appreciates the support of our behavior specialist, Jenna, who sometimes utilizes her room. Her thorn: is working slowly & with hope of collaborative sharing spaces, i.e. Room 9's multi-uses: her classroom for Middle School Math & Technology classes, reprieve for Jenna & Eagles Nest.

In the world of special education, Ms. Peery, shared Devin Lombardi's special education Power Point with the faculty last week in hopes of clarifying and defining the differences and processes for SST meetings, 504's, and IEPs. In addition, how gen ed students are also supported with small reading groups using data driven programs such as Read Naturally Live, a fluency and comprehension program, and the Sonday phonics program. Ed support also teaches small, leveled math classes in grades 6-8. We provide push-in and pull-out support for some lower grade's math classes. We are moving into progress monitoring assessments as our first trimester will come to a close at the end of the month, and teacher's will be provided with progress reports to show growth. Our program is getting stronger this year with the support of a BCBA (Board Certified Behavior Analysist) contracted through School Steps. We also have two RBT's (Registered Behavior Technicians)/behavior consultants contracted through Aspire Behavior Consulting, who are helping out with behavior in several classes on campus. Despite not having a Director of Special Education this year, and several new employees, our program is getting stronger with our new school psychologist, that is a Golden Valley Employee, as well as a new experienced Speech and Language Pathologist, her intern, and assistant that are contracted through School Steps.

In other news, many teachers are embarking on their Waldorf training through the Building Bridges program showing their dedication to Waldorf Education. Our specialty program is getting stronger day by day. The meal program and the extension of Eagle's Nest began with many challenges, but the kinks are being ironed out. After school Ukulele Club is up and running. Some students and I were admiring the new picnic table made by a former student/boy scout the other day, as we worked outside.

Other reminders have gone out about the dress code, proper rhythms including student's getting enough sleep, limiting screen time, and having proper nutrition with limited sugar. I think we can all agree, despite all the challenges over the last few years, things are starting to feel almost normal again, and we can all try and regain our social/emotional well-being.

Respectfully,

Heather Peery, (Resource/Educational Support Specialist/Faculty Chair/Former Waldorf Student/Former Waldorf Grades Teacher)

October 12, 2022

The feeling of normality, of reestablishing routine and discovering, once again, our true authentic selves as the faculty of a Waldorf charter school– this is how I would describe the last four weeks at Golden Valley River. So normal, in fact, that at this exact moment I am probably helping to serve burritos to my class at Indian Grinding Rock State Park or playing a game of soccer with my Laurel Leaves at a sports field once used by nine- and ten-year-old Miwok children long ago.

I send my apologies for not being present tonight, but I am very thankful, in this case, to not be; that the children are given the chance to, once again, experience such adventures. An overnight field trip does something to a class. It's a bonding and unifying experience and can help with social issues that may have existed before hand. Going through shared adventures is something very special and powerful. Tonight, we will be singing, telling stories, playing games, and sleeping in u'maches which are similar to teepees but are covered with cedar bark instead of buffalo skins.

Miss. Moraga and her sixth graders have also experienced the great adventure of the overnight field trip. Two weeks ago, she took her class camping at Mt. Lassen to study the igneous rock of this dormant volcano during her geology block. And despite rain and very cold nights, Mrs. Moraga reported the trip to be a wonderful success and experience for her Olive Tree class.

On the 30th, Mrs. Dias and her Chestnut class treated the school to a fantastic performance of Sir George and the Dragon. Furthermore, The Sleeping Giant returned to Golden Valley to highlight our Day of Courage where the whole school gathered together in a circle and sang Autumn Roundly.

Other veteran teachers have also reported finding their pre-pandemic stride and new teachers are starting to discover that comfort zone that was lacking at the year's onset. Mr. Branson, our new music teacher, reports- now that he knows the children and the children know him, there is a sense of trust developing and his classes are generally progressing more seamlessly than before.

Now that's not to say that everything is perfect. I can only speak for myself, but I feel most of the world's teachers would agree with me, that the children as a whole are truly at a different place due to the time spent away from each other. Social gaps and regression, mental health, misreading social ques, and a lack of understanding of how to exist with each other is a real thing and something that are experienced within every class on a daily basis. Social challenges have been perhaps the greatest challenge for teachers this year. Social awareness and development are as important and academic development as we strive to educate the whole child in a Waldorf school. But it takes our time from other places, preparing lessons, communications with parents and colleagues, and in other areas like this report. It was due over a day ago and I just couldn't get to it as my schedule has become quite compresses and my "to due list" quite long. Thus, I would like to reinforce once again how important it is to have Mrs. Miller and the Renewal Room available to our students and teachers. She has been a shining light for those students who have been struggling in this area, helping teachers greatly.

Board Chair Report October 12, 2022

Annual Giving Campaign:

I would like to highlight the September 14th Finance committee letter that went out via ParentSquare. GVCS along with almost all charter schools in CA depend upon donations to offer the best programs to our students. During Covid we've seen donations shrink every year, but they are vital to what programs and services we can offer. Please help us reach our goal of \$100,000 for each campus by contributing to our Annual Giving Campaign.

Covid Safety:

At the September 14th Board of Trustees meeting we adopted the California Department of Public Health (CDPH) decision to rescind the order requiring weekly testing for unvaccinated staff. I've heard privately from a few concerned families regarding our decision to approve the order and the language we adopted last spring to treat volunteers like staff. It's in the best interest of GVCS to be consistent in the adoption and implementation of its policies.

We will continue to provide masks for staff, students, volunteers and visitors on campus. In addition, we will continue to provide testing as needed. The physical, emotional and wellbeing of all community members are a top priority for us.

Volunteering:

Coming out of the pandemic we continue to rebuild our remarkable community. There are many different opportunities, in and out of the classroom for all members to find their niche, as all groups are looking for volunteers. Please consider offering your unique skills and services to one or more of these tremendous groups:

Classroom: See your class Teacher

Diversity, Equity and Inclusion (DEI): See Parent Square for updates

Golden Valley Education Fund (GVEF): gvef@gvcharter.org

Parent Circle (PC) Orchard: pc_orchard@gvcharter.org

Parent Circle (PC) River: lilmemily@gmail.com

Seeking Board Member Candidates:

The Board of Trustees is seeking individuals who are interested in the governance and oversight of Golden Valley Charter Schools. We are actively recruiting

parents/guardians of students to join the Board of Trustees. Interested parties should contact bot@gvcharter.org for more information.

Warm regards,

Jennifer Huetter Board of Trustees, Chair Golden Valley Charter Schools

EXECUTIVE DIRECTOR REPORT Submitted by Caleb Buckley, EdD

THE CHARTER MANAGEMENT OFFICE

Golden Valley Charter Schools were closed on Monday in honor of Indigenous Peoples' Day. Governor Gavin Newsom released a statement for this year's celebration, "I encourage all Californians to spend time on this Native American Day not only learning about the rich histories, traditions and contributions of the diverse tribal communities throughout the state, but finding ways to answer the call for truth, visibility and justice for California Native peoples." Last year President Biden made the official declaration of the transition to Indigenous Peoples' Day. In October, 2021 he stated, "Today, we recognize Indigenous peoples' resilience and strength as well as the immeasurable positive impact that they have made on every aspect of American society. We also recommit to supporting a new, brighter future of promise and equity for Tribal Nations — a future grounded in Tribal sovereignty and respect for the human rights of Indigenous people in the Americas and around the world."

Golden Valley also celebrated the transition to Fall with Courage Day and the Sir George and the Dragon Play. In October, we are bringing form to our classes, rhythms to our day, and discipline to our actions in a more serious way now that school has been in session for over 8 weeks. There is still a great need within our student body for emotional supports throughout the day. By providing meals, teacher mentoring, free aftercare and enrichment classes, recovery rooms, and academic support, Golden Valley is spending every last dollar we receive from the state to support the health of our students. What we need to work on the most this season is improving parent engagement. Both volunteer hours and annual giving contributions have been low. We hope that festivals, parent talks, PC gatherings, and community supports such as the clothing swap, bring families back onto campus and strengthen the connection to the mission of Golden Valley in all of our lives.

The Strategic Planning Committee has finished the first part of our plan and it has been presented to the board. A subgroup has been created to focus specifically on the future goals section and will have a draft at our November board meeting for approval and dissemination to the community through a Town Hall style presentation. Future goals being developed include the areas of facilities, new programs, changes in Early Childhood such as an afternoon kindergarten, changes in the homestudy program offerings, and the addition of new community events. Many of the suggested changes from last year's town hall have already been implemented – such as the teacher mentoring position and the expanded afterschool and summer programs.

ON CAMPUS

Orchard's meal program is running smoothly with the help of middle school students. These meal assistants help the lower grades come to the multipurpose room or help pass out food. We continue to encourage students to sign up for their meals ahead of time as well as pick up each meal ordered. Faculty and staff participated in a Nurtured Heart presentation by former Golden Valley teacher and mentor, Allie Brooks. The presentation of the 3 stands of Nurtured Heart was well received and is being embraced throughout the school. Courage day was successful at Orchard school. The Baobab second grade class was confident and joyful in performing their play, Sir George and the Dragon. This year the Palm Tree sixth grade class created a terrifying flame-breathing dragon. The afternoon Courage Day activities were a hit! Archery, pillow jousting, slack line, and the Sleeping Giant were just some of the activities offered for students to use their courage.

Clothing swap, food drive, and Eagle Chase are major focal points for our school this month. Our clothing swap began on October 4th, and we have taken in an incredible amount of clothing that families will be able to look through and exchange any children's clothing of their own that is in good repair but has just been outgrown. It is a wonderful way to help families save money they would spend on new clothing, is great for our environment, and helps build community! Our annual food drive kicked off last Friday at our Day of Courage celebration. In one day alone we were able to collect several hundred pounds of food. The drive will continue until October 18th and will benefit the Orangevale Food Bank, providing thousands of meals for local families in need. Lastly, this week we are kicking off our Eagle Chase fundraiser. This has been a longstanding tradition for our schools, and we are excited to be making some small adjustments to our class and individual awards to entice the greatest amount of participation.

ENROLLMENT, OUTREACH, MARKETING & COMMUNICATION

Enrollment – We are accepting applications and have recorded Parent Information Meetings available to send to interested families to begin the enrollment process for the current school year. We held in-person tours at Orchard and River schools in September for prospective families.

Our home study hybrid program, Meadow Brook at River, is offering a visit/tour with the teacher, Tricia Maughan to increase enrollment on October 14th.

Open Enrollment for the 2023-24 school year will run from January through February. Parent Information Meetings (PIM) have been scheduled.

River School PIMs: 1/18, 2/1, 2/15
Orchard School PIMs: 1/19, 2/2, 2/16

Outreach, Marketing & Communications

- Outreach events are ongoing in the 2022/2023 school year. The goal is to bring awareness to Golden Valley Charter Schools.
 - Effie Yeaw's *Naturefest* is October 9th. There will be crafts for children and enrollment information for parents.
 - We will continue to connect with local Waldorf-inspired pre-schools with Open Enrollment information about our schools.

COMPLIANCE

The meal program at both Orchard and River is up and running. While the biggest issue continues to be with delivery and supply chain issues, we are now in a consistent rhythm with deliveries. The sites are refining processes and rhythms to encourage all students with pre-orders to pick up their meals to ensure that the schools are reimbursed for all meals ordered as any unclaimed meals will not be eligible for reimbursement and will have a significant financial burden on the schools. The schools are encouraging all families to submit the weekly meal order form to help prevent over and under ordering. The schools are serving on average 1000 meals per week. Our last hurdle is the final approval for the national meal program so that the meals consumed on campus will be reimbursed. Slowly but surely the organization is settling into this new program.

Eagle's Nest has been offering a handful of enrichment offerings provided by our talented teachers and staff. The Eagle's Nest lead staff are reaching out to staff and community members that have voiced interest in providing enrichment activities to our students. These offerings will start to roll out soon at both sites. The first non-instructional day of Eagle's Nest will be held on November 14th. Students from both campuses will attend the non-instructional day at the Orchard campus. There are 100 openings for students to participate. Families will apply using a ParentSquare form by November 1st and will be notified by November 4th if their students have been accepted or waitlisted.

The Local Indicators that were reflected in and helped drive goals and actions in the 2022-23 LCAP were reported to the CDE on September 30, 2022. These indicators appear on the California Schools Dashboard and help determine which track a charter school falls into for charter renewal. California's charter renewal statutes have a general provision requiring authorizers to consider Dashboard state and local indicators. In most charter renewals, academics have greatest weight and will typically be the focus of many charter renewals. To supplement academic performance data, charter schools can use local indicators to show important non-academic strengths. Schools might use local indicator data to help demonstrate that renewal is "in the best interest of pupils."

DEVELOPMENT

To Encourage more Participation:

- The Marketing & Development Manager and a GVEF member are visiting all Parent Meetings from Kindergarten - 7th grade at both schools to talk about the importance of participating in AGC, fundraising, PC, and logging in volunteer hours. The last of the class meetings will occur in the by the end of October
- o The Marketing & Development Manager is working with GVEF and principals to have a fun incentive to have a dunk tank for Spirit Day in May for the classes with highest funds, participation, and growth of participation.
- A message catered to each class with the percentage of participation by class will go out on ParentSquare showing a visual of the actual participation and the benefits of more participation
- A message will go out to families who have contributed in the past, but have not renewed their pledge this school year

FUNDRASING with GVEF

- GVEF meet in October
 - Eagle Chase envelopes will be handed out at Friday gathering on October 7th. Communications on ParentSquare will begin next week.
 - o Eagle Chase is Oct 27 for River School and Oct 28 for the Orchard School.
 - o The Fundraising Board officially added one more member to the group; Nick Talbert, a River School parent.
 - They are scheduling a retreat to look at the scope of the year as well as connect with past GVEF members. This will occur in January/February
 - o GVEF will have a table to accept donations at the Festival of Light for the candles to light the tree on Saturday, November 5th

Changing its earlier position, the California Department of Education will release Smarter Balanced test scores next month and not wait to incorporate them into other data as planned, a department official said Tuesday.

"There is no reason to withhold the data," Malika Vella, deputy superintendent of the initiatives branch of the department, said Tuesday morning on KPCC Public Radio's show "Air Talk" in Los Angeles.

The department had told EdSource earlier this month in response to a public records request that the data was not complete and would be held until later in the year, when it would be released as part of a dashboard that would include other, holistic, student indicators, such as absentee rates.

The data is expected to show pandemic-related declines in student achievement. *Excerpt from EdSource article, "CA Will Release Smarter Balanced Test Scores Next Month" 9/27/22

Due to the COVID-19 pandemic, state law has suspended the reporting of state indicators on the 2021 Dashboard. However, available data that would have been included in the Dashboard are reported on the Department's web site if they were determined to be valid and reliable. Information regarding the reporting status of data is available at COVID-19 and Data Reporting and the COVID-19 Accountability FAQs.

Chronic Absenteeism Rate Indicator

This indicator, reported on the California School Dashboard, applies to districts and schools with students in grades K-8.

What is this Indicator?

The Chronic Absenteeism Rate Indicator is one of several state indicators that the California Department of Education (CDE) reports on the California School Dashboard C (Dashboard). It represents the percentage of students who were absent for 10 percent or more of the instructional days they were enrolled to attend.

For most of the other state indicators, the desired outcome is to have a high percentage in the current year and an increase in percentage from the prior year. However, for this indicator, the desired outcome is reversed and the goal is to achieve a low chronic absenteeism rate.

This indicator is reported on the Dashboard for any local educational agency (LEA) and school that enrolls students in kindergarten through grade eight. Students in transitional kindergarten are unable to be reported separately from kindergarten and are therefore included in the enrollment counts for the chronic absenteeism rate. Students enrolled less than 30 days are not eligible to be included in the enrollment counts.

Additional Reports

Designed for educators, the School Dashboard Additional Reports offer information and data beyond what are reported on the Dashboard, including summarized views across all state indicators. One report specific to this indicator is the:
